DIGEST

Crowe (SB 62)

Present law provides generally for the Municipal Employees' Retirement System (MERS). Provides for membership, creditable service, and other general provisions applying to both Plan A and Plan B of MERS.

Present law (R.S. 11:1757(A)) provides for benefit payment options. Provides that upon application for retirement any member may elect to receive his benefit in a retirement allowance payable throughout his life, or he may elect at that time to receive the actuarial equivalent of his retirement allowance in a reduced retirement allowance payable throughout life, with the provision that:

- (1) Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to the person he nominated by written designation duly acknowledged and filed with the board at the time of his retirement; or
- (2) Upon his death 50% of his reduced retirement allowance shall be continued throughout the life of and be paid to the person he nominated by written designation duly acknowledged and filed with the board at the time of his retirement; or
- (3) Some other benefit or benefits shall be paid either to the member or to the person or persons he nominated, provided the other benefit or benefits, together with the reduced retirement allowance, shall be certified by the actuary to be of equivalent actuarial value to his retirement allowance and shall be approved by the board.

Present law (R.S. 11:1757(B)) provides that a retiree cannot change the designation of beneficiary.

Proposed law retains present law; provides, however, that a retiree may change his beneficiary designation if:

- (1) He was not married at the time of his written designation of a beneficiary; or
- (2) He married someone other than the beneficiary designate after his retirement and the marriage took place at least five years before the change of designation.

Proposed law establishes a deadline of August 2, 2010, for a retiree to file his change of beneficiary designation with the system.

Proposed law provides that no change in beneficiary pursuant to proposed law shall create

additional liability for the system. Requires the system to make any adjustments to payments paid or payable in accordance with the option selected by the retiree actuarially necessitated by a change of beneficiary pursuant to proposed law. Specifies that such changes may include reduction or suspension of the monthly payments to the retiree or to his beneficiary.

Proposed law provides that a retiree who changes his beneficiary pursuant to proposed law shall agree to hold harmless and indemnify the system from any and all liability, loss or damages that the system may sustain as a result of actions, claims, demands and costs, including reasonable attorney fees, due to such change of beneficiary.

Present law (R.S. 11:1757(C)) provides that no changes in the option elected by the member, other than to correct administrative error, shall be permitted after 60 days from date of receipt of retirement application by the board.

Proposed law retains present law. Proposed law specifies that nothing in proposed law shall authorize a change in the option previously elected by the retiree.

Effective July 1, 2010.
